Employment in Lincoln County: February 2021

Seasonally adjusted employment drops by 80 in February

Seasonally adjusted nonfarm payroll employment decreased by 80 in February to 16,740 jobs. Seasonally adjusted figures compare expected changes with actual changes. A gain of 140 jobs was expected for the month, but the county's total nonfarm employment rose by only 60. The private sector added 30 jobs, and government employment also rose by 30. The leisure and hospitality sector added 40 jobs, and the construction industry grew by 30 jobs. Trade, transportation, and utilities cut 30 jobs and manufacturing also shed 30 jobs. Local government added 30 jobs. Other industries had smaller changes.

February's total nonfarm employment numbers show a loss of 1,930 jobs compared with one year before, a decrease of 10.7%. Almost every major industry lost jobs over the year. Leisure and hospitality accounted for much of the drop with a loss of 1,150 jobs, down 26.3% from the year before.

Lincoln County's seasonally adjusted unemployment rate was 8.0% in February, down slightly from 8.5% in January. It was 3.8% the year before. The statewide unemployment rate was 6.1% in February, and the national rate was 6.2%.

Next Press Releases

The Oregon Employment Department plans to release the March county and metropolitan area unemployment rates on Tuesday, April 20, and the statewide unemployment rate and employment survey data for March on Tuesday, April 13.

The most recent month is preliminary, the prior month is revised. Prepared in cooperation with the U.S. Department of Labor, Bureau of Labor Statistics.

Civilian labor force includes employed and unemployed individuals 16 years and older by place of residence.

Employed includes payroll employment, self-employed, unpaid family workers, domestics, agriculture, and labor disputants.

Unemployment rate is calculated by dividing unemployed by civilian labor force.

Nonfarm Payroll Employment: Data are by place of work and cover full- and part-time employees who worked or received pay for the pay period that includes the 12th of the month. The data exclude the self-employed, volunteers, unpaid family workers, and domestics.

Yamhill	5.6	5.9	3.0

(1) Seasonally adjusted rates for the United States and Oregon are official Bureau of Labor Statistics (BLS) series. Source of Metro data is BLS and LAUS. Source of county data is OED.

(2) Portland-Vancouver-Hillsboro MSA includes Clackamas, Columbia, Multnomah, Washington, and Yamhill counties in Oregon and Clark and Skamania counties in Washington.

The Oregon Employment Department and the U.S. Bureau of Labor Statistics (BLS) work cooperatively to develop and publish monthly payroll employment and labor force data for Oregon's metropolitan areas and counties. The estimates of monthly job gains and losses are based on a survey of businesses. The estimates of unemployment are based on a survey of households and other sources.

The Oregon Employment Department payroll employment estimates are revised quarterly using information from unemployment insurance tax records. All department publications use data from this *official Oregon series* unless noted.

The department also makes the BLS-produced nonfarm payroll employment series for metropolitan areas available. These are revised annually by BLS.
