Employment in the Columbia Gorge: November 2025

Seasonally adjusted unemployment rates increase in all five Columbia Gorge counties over the year.

Hood River County's seasonally adjusted unemployment rate increased from 4.1% in September to 4.2% in November. Over the year, the county's seasonally adjusted unemployment rate edged up by 0.7 percentage point.

Hood River County's nonfarm employment increased by 200 (+1.7%) in November and was estimated at 12,080 jobs. Private-sector employment increased over the month (+230 jobs) with the largest gains occurring in leisure and hospitality (+160 jobs) and trade, transportation, and utilities (+130 jobs). Public-sector employment lost 30 jobs over the month with most losses recorded in federal government (-20 jobs).

Hood River County's total nonfarm employment decreased by 30 jobs over the year ending in November, representing a 0.2% decrease. Job losses occurred in trade, transportation, and utilities (-110 jobs); leisure and hospitality (-80 jobs); and the public sector (-50 jobs). Over-the-year gains occurred in private education and health services (+60 jobs); manufacturing (+50 jobs); other services (+40 jobs); professional and business services (+30 jobs); financial activities (+20 jobs); and mining, logging, and construction (+10 jobs).

Wasco County's seasonally adjusted unemployment rate was 5.4% as of November, up from 5.2% in September. Over the year, Wasco County's seasonally adjusted unemployment rate is 1.0 percentage point higher.

Wasco County's nonfarm employment decreased by 0.1%, a decrease of 10 jobs to total 10,300 as of November. Job losses occurred within the private sector (-40 jobs), bringing private employment down to 7,960. Government employment increased by 30 jobs and is now 2,340. Private job losses were concentrated within leisure and hospitality (-70 jobs). Private-sector gains were more widespread but smaller in magnitude with gains in trade, transportation, and utilities (+20 jobs); information (+10 jobs); and private education and health services (+10 jobs).

Wasco County's private industry employment decreased by 30 (-0.3%) jobs over the year ending in November. Losses were strongest in trade, transportation, and utilities (-80 jobs); mining, logging, and

construction (-30 jobs); and professional and business services (-30 jobs). Smaller losses also occurred in information (-10 jobs) and the public sector (-10 jobs). Over-the-year gains occurred in manufacturing (+50 jobs); private education and health services (+40 jobs); leisure and hospitality (+20 jobs); and financial activities (+20 jobs).

Gilliam County's seasonally adjusted unemployment rate increased from September, going from a rate of 5.2% to 5.5% in November. Over the year, the seasonally adjusted unemployment rate is 0.9 percentage point higher.

Gilliam County's nonfarm employment decreased by 10 jobs from October to November and now stands at 935 jobs. Losses occurred within the public sector (-10 jobs) and trade, transportation, and utilities (-5 jobs). with little to no movement in all other sectors. Over-the-year total private employment decreased by 145 jobs while government employment increased by five jobs for an over-the-year net loss of 140 total nonfarm jobs.

Sherman County's seasonally adjusted unemployment rate went from 5.0% in September to 5.3% in November and increased by 1.3 percentage points over the year. Sherman County's nonfarm employment decreased by 30 jobs (-3.3%) over the month of November and now stands at 885. Private-sector employment declined by 20 jobs while public-sector employment declined by 10 jobs. Over the year ending in November, private industry shed 40 jobs, bringing the total to 545, a 6.8% decrease from the previous year. Public-sector employment was unchanged over the year.

Wheeler County's seasonally adjusted unemployment rate increased from 4.1% in September to 4.7% this November. Over the year, Wheeler County's seasonally adjusted unemployment rate was up by 0.7 percentage point. Total nonfarm employment increased by five jobs (+1.4%) from October to November and now stands at 360 jobs. Over the year ending in November, total nonfarm employment declined by 10 (-2.7%) with the public sector losing 10 jobs.

Next Press Releases

The Oregon Employment Department plans to release the next statewide unemployment rate and employment survey data for December on Thursday, Jan. 22 and county and metropolitan area unemployment rates and employment survey data on Tuesday, Jan.27.

The Oregon Employment Department and the U.S. Bureau of Labor Statistics (BLS) work cooperatively to develop and publish monthly payroll employment and labor force data for Oregon's metropolitan areas and counties. The estimates of monthly job gains and losses are based on a survey of businesses. The estimates of unemployment are based on a survey of households and other sources.

The Oregon Employment Department payroll employment estimates are revised quarterly using information from unemployment insurance tax records. All department publications use data from this *official Oregon series* unless noted.

The department also makes the BLS-produced nonfarm payroll employment series for metropolitan areas available. These are revised annually by BLS.

The pdf version of the news release, including tables and graphs, can be found at www.qualityinfo.org/press-release/. To obtain the data in other formats such as in Excel, visit QualityInfo.org, select Tools, and choose LAUS or CES from the dropdown menu. To request the press release as a Word document, contact the person shown at the top of this press release.
