## Employment in Douglas County

### Douglas County's Unemployment Rate was 6.2% in September

Douglas County's seasonally adjusted unemployment rate was 6.2% in September compared with a revised 6.0% in August. The rate is up significantly from 5.5% in September 2024. Douglas County's record low unemployment rate was set in November 2019 at 4.4%. The Oregon seasonally adjusted September rate was 5.2% and the U.S. rate was 4.4%.

Douglas County's seasonally adjusted payroll employment increased by 110 jobs in September after a gain of 80 in August and a decrease of 210 in July.

In the not seasonally adjusted private-sector industries in September, there were gains of 20 each in professional and business services, and private education and health services. There were relatively large losses in leisure and hospitality (-100), transportation, warehousing, and utilities (-40), and manufacturing (-30).

Government increased by 490 in the month of September from a gain of 540 in local education from the beginning of a new school year that was countered by a loss of 50 in noneducation local government.

When comparing September 2025 with September 2024, seasonally adjusted total nonfarm employment decreased by 110 jobs, or -0.3%. There were relatively large private-sector over-the-year gains in private education and health services (290) and professional and business services (60). There were relatively large losses in retail trade (-210), manufacturing (-160), and leisure and hospitality (-60).

Government rose 100 over the year in September due to a gain of 110 in local government that was countered by a loss of 10 in federal government.

### Next Press Releases

The Oregon Employment Department plans to release the October and November county and metropolitan area unemployment rate and employment survey data on Tuesday, Jan. 13, and the

statewide unemployment rate and employment survey data for October and November on Wednesday, Jan. 7.

Local education	3,070	2,530	3,030	540	40
Local government excluding education and tribal	1,610	1,660	1,570	-50	40

The most recent month is preliminary, the prior month is revised. Prepared in cooperation with the U.S. Department of Labor, Bureau of Labor Statistics.

Civilian labor force includes employed and unemployed individuals 16 years and older by place of residence.

Employed includes payroll employment, self-employed, unpaid family workers, domestics, agriculture, and labor disputants.

Unemployment rate is calculated by dividing unemployed by civilian labor force.

Nonfarm Payroll Employment: Data are by place of work and cover full- and part-time employees who worked or received pay for the pay period that includes the 12th of the month. The data exclude the self-employed, volunteers, unpaid family workers, and domestics.

The Oregon Employment Department and the U.S. Bureau of Labor Statistics (BLS) work cooperatively to develop and publish monthly payroll employment and labor force data for Oregon's metropolitan areas and counties. The estimates of monthly job gains and losses are based on a survey of businesses. The estimates of unemployment are based on a survey of households and other sources.

The Oregon Employment Department payroll employment estimates are revised quarterly using information from unemployment insurance tax records. All department publications use data from this *official Oregon series* unless noted.

The department also makes the BLS-produced nonfarm payroll employment series for metropolitan areas available. These are revised annually by BLS.
