Employment in Douglas County: October 2025

Employment Reports Delayed Again After Federal Government Shutdown

The U.S. Bureau of Labor Statistics (BLS) has resumed production of the monthly employment reports for the nation on a delayed schedule after the lapse in federal government appropriations that began on Oct. 1, 2025.

The most recent update from the BLS on Wednesday, Nov. 19 says, “BLS will not publish an October 2025 Employment Situation news release. Establishment survey data from the Current Employment Statistics survey for October 2025 will be published with the November 2025 data. Household survey data from the Current Population Survey could not be collected for the October 2025 reference period due to a lapse in appropriations. The household survey data is not able to be retroactively collected. The collection period for November 2025 data will be extended for both surveys, and extra processing time will be added.”

Currently, Douglas County’s monthly nonfarm job estimates and unemployment rate are still not available beyond August 2025 and publication dates for the states and metropolitan areas have not been announced.

[Claims for unemployment insurance](#) (UI) show a partial picture, as only a portion of all unemployed Oregonians are eligible for these benefits. First-time or initial UI claims in recent weeks appeared to be within the typical range for this time of year. Ongoing or continued claims have followed seasonal trends, but at elevated levels compared with recent years. September continued claims for unemployment insurance totaled 1,951 in Douglas County, up by 9% from September 2024.

Next Press Releases

The BLS will update its [revised news release schedule](#) as new information becomes available. The Research Division’s [schedule of future releases](#) will be updated as federal partner agencies issue more guidance.

The Oregon Employment Department and the U.S. Bureau of Labor Statistics (BLS) work cooperatively to develop and publish monthly payroll employment and labor force data for Oregon's metropolitan areas and counties. The estimates of monthly job gains and losses are based on a survey of businesses. The estimates of unemployment are based on a survey of households and other sources.

The Oregon Employment Department payroll employment estimates are revised quarterly using information from unemployment insurance tax records. All department publications use data from this *official Oregon series* unless noted.

You can subscribe to receive notification of new articles and publications from QualityInfo.org. To subscribe, go to www.qualityinfo.org/subscribe, enter your email address and click Sign In. In the Publication section, click on the + sign next to a report type category and then click on the geography(s) you are interested in. Take some time to browse the other publications on the page and see if there are some you'd like to receive an email notification for. You can receive notifications on a daily, weekly, or monthly schedule – whichever is most convenient for you. You can change your preferences – or unsubscribe – at any time.

The pdf version of the news release, including tables and graphs, can be found at www.qualityinfo.org/press-release/. To obtain the data in other formats such as in Excel, visit QualityInfo.org, select Tools, and choose LAUS or CES from the dropdown menu. To request the press release as a Word document, contact the person shown at the top of this press release.

To file an Unemployment Insurance claim, visit our online claims system or call our contact centers, where Employment Department staff are ready to help by phone, at 1-877-FILE-4-UI (1-877-345-3484). For help finding jobs and training resources, go to: www.WorkSourceOregon.org

The Oregon Employment Department (OED) is an equal opportunity agency. Everyone has a right to use OED programs and services. OED provides free help.
