Employment in Lane County (Eugene MSA)

Lane County's Employers Add 500 Jobs in November

Lane County's seasonally adjusted payroll employment increased by 500 jobs in November after a gain of 900 in October and a gain of 700 in September.

In the not seasonally adjusted private-sector industries in November, there was a seasonal gain of 500 in retail trade. There was an additional gain of 300 in private education and health care. There were seasonal losses in leisure and hospitality (-200) and construction (-100). There were additional losses in manufacturing (-200) and professional and business services (-200).

Government gained 500 jobs in November from a gain of 500 in local education, which includes the University of Oregon.

When comparing November 2024 with November 2023, total nonfarm employment added 2,400 jobs on a seasonally adjusted basis for a gain of 1.5%. There were large over-the-year gains in private education and health services (1,400), retail trade (200), and financial activities (200). There were relatively large losses in construction (-500) and manufacturing (-400).

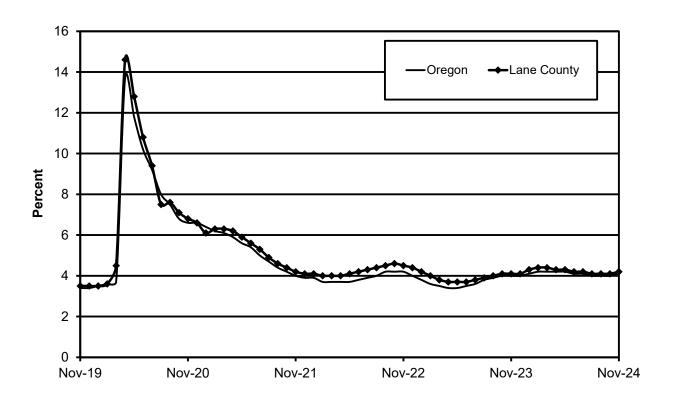

There was an over-the-year increase of 1,100 in government due to gains in local education (700), noneducation local government (200), federal government (100), and state government (100).

Lane County's seasonally adjusted unemployment rate was essentially unchanged at 4.2% in November compared with a revised 4.1% in October. The rate is the same as the 4.1% recorded in November 2023. Lane County's record low rate was 3.5% in November 2019. The Oregon seasonally adjusted November rate was 4.1% and the U.S. rate was 4.2%.

Next Press Releases

The Oregon Employment Department plans to release the December county and metropolitan area unemployment rates and employment survey data on Tuesday, Jan. 28th and the statewide unemployment rate and employment survey data for December on Thursday, Jan. 23rd.

The most recent month is preliminary, the prior month is revised. Prepared in cooperation with the U.S. Department of Labor, Bureau of Labor Statistics.

Civilian labor force includes employed and unemployed individuals 16 years and older by place of residence. Employed includes payroll employment, self-employed, unpaid family workers, domestics, agriculture, and labor disputants. Unemployment rate is calculated by dividing unemployed by civilian labor force.

Nonfarm Payroll Employment: Official Oregon Series. Data are by place of work and cover full- and part-time employees who worked or received pay for the pay period that includes the 12th of the month. The data exclude the self-employed, volunteers, unpaid family workers, and domestics.

NEWS

The Oregon Employment Department and the U.S. Bureau of Labor Statistics (BLS) work cooperatively to develop and publish monthly payroll employment and labor force data for Oregon's metropolitan areas and counties. The estimates of monthly job gains and losses are based on a survey of businesses. The estimates of unemployment are based on a survey of households and other sources.

The Oregon Employment Department payroll employment estimates are revised quarterly using information from unemployment insurance tax records. All department publications use data from this *official Oregon series* unless noted.

The department also makes the BLS-produced nonfarm payroll employment series for metropolitan areas available. These are revised annually by BLS.
